

ABSTRAK

Hidayatul Istiqomah. *Analisis Respon Siswa dan Sikap Peduli Lingkungan Dalam Pelaksanaan Program Adiwiyata di SDN Jatimalang.* Skripsi. Pacitan: STKIP PGRI Pacitan, 2020

Program Adiwiyata adalah sebuah program sekolah yang bertujuan untuk mewujudkan warga sekolah yang bertanggung jawab dalam upaya perlindungan dan pengelolaan lingkungan hidup untuk mendukung pembangunan berkelanjutan. Tujuan dari penelitian ini, yaitu mendeskripsikan: (1) pelaksanaan program Adiwiyata di SDN Jatimalang; (2) respon siswa dalam pelaksanaan program Adiwiyata. (3) sikap peduli lingkungan siswa dalam pelaksanaan program Adiwiyata. Penelitian ini merupakan penelitian kualitatif dengan menggunakan metode deskriptif kualitatif. Subjek penelitian adalah siswa kelas V SDN Jatimalang. Teknik pengumpulan data meliputi dokumentasi, observasi, wawancara, dan angket. Keabsahan data menggunakan triangulasi teknik dan sumber. Analisa data menggunakan teknik deskriptif kualitatif. Miles and Huberman, meliputi reduksi data, penyajian data, dan penarikan kesimpulan. Hasil penelitian menunjukkan bahwa: (1) Pelaksanaan program Adiwiyata di SDN Jatimalang dapat dijalankan dengan baik dan sudah dilaksanakan dengan adanya tahapan perencanaan awal. Pelaksanaan program Adiwiyata memenuhi dua aspek yaitu aspek kurikulum sekolah berbasis lingkungan dan aspek kegiatan berbasis partisipatif; (2) Respon siswa dalam pelaksanaan program Adiwiyata di SDN Jatimalang menunjukkan hasil yang baik dengan presentase 72%; (3) Sikap peduli lingkungan dalam pelaksanaan program Adiwiyata di SDN Jatimalang menunjukkan hasil yang baik dengan presentase 78%.

Kata kunci: Respon Siswa, Sikap Peduli Lingkungan, Program Adiwiyata

ABSTRACT

Hidayatul istiqomah. *The Analysis of student's response and environmental care attitude in the implementation of the Adiwiyata program at SDN Jatimalang. Thesis. Pacitan: STKIP PGRI Pacitan, 2020*

The Adiwiyata Program is a school program that aims to create the responsibility of school residents in protecting and managing the environment to support sustainable development. The objectives of this study to describe: 1) the implementation of the Adiwiyata program in SDN Jatimalang; (2) student's response in the implementation of the Adiwiyata program; (3) the student's environmental care attitude in the implementation of the Adiwiyata program. This research was a qualitative research which used qualitative descriptive methods qualitative. The research subjects were the fifth grade students of SDN Jatimalang. Data collection techniques included documentation, observation, interviews, and questionnaires. Data validation used triangulation technique and data sources. Data analysis used a qualitative descriptive of Miles and Huberman technique, including data reduction, data display, and conclusion. The results showed that: (1) The implementation of the Adiwiyata program in SDN Jatimalang can be carried out well and has been done with the initial planning stages. The implementation of the Adiwiyata program fulfills two aspects: environmental-based school curriculum aspects and participatory-based activities; (2) Student's response in the implementation of the Adiwiyata program in SDN Jatimalang showed the result of having good responses with a percentage of 72%; (3) The environmental care attitude in the implementation of the Adiwiyata program in SDN Jatimalang showed the result of having good attitudes with a percentage of 78%.
