Komentar Peer Reviewer

- a. Kelengkapan dan kesesuaian unsur : *Systematic artikel lengkap dan kesesuaian isi baik state of art. Apa dapat dipahami, ada unsur kebaruan*
- b. Ruang lingkup & kedalaman pembahasan : *Sudah cukup baik didukung dengan referensi < 10 tahun*
- c. Kecukupan dan kemutahiran data/informasi dan metodologi : *Sudah cukup untuk menjawab rumusan masalah*
- d. Kelengkapan unsur dan kualitas terbitan jurnal : *jurnal internasional terakreditasi*
- e. Indikasi Plagiasi : *tidak plagiasi 6%*
- f. Kesesuaian bidang ilmu : *sesuai dg bidang ilmu*

**Intelligence Engineering and Sciences Publication**  
 (BEIESP)

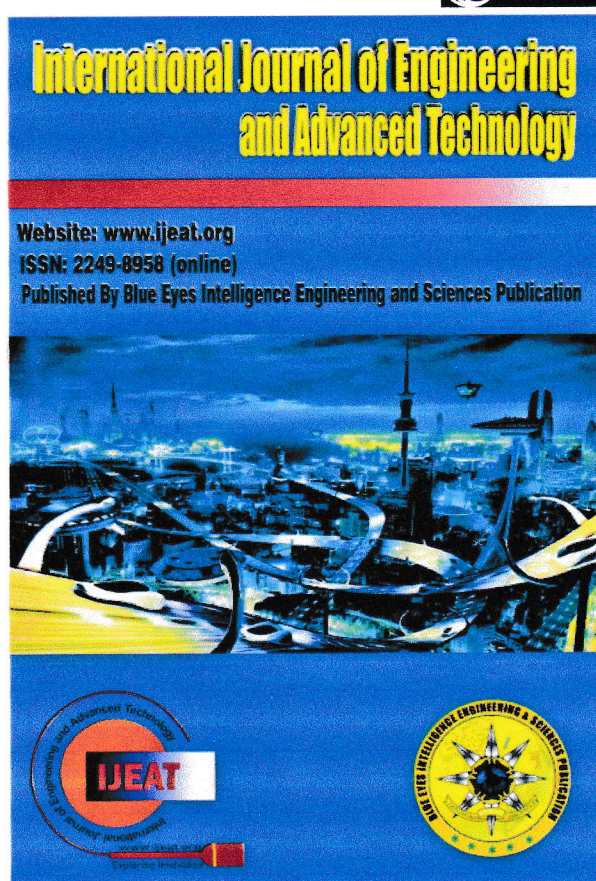

**Scope: Engineering and Technology**

The *International Journal of Engineering and Advanced Technology (IJEAT)* is having ISSN 2249-8958 (online), bi-monthly international journal, being published in the months of *February, April, June, August, October and December* by *Blue Eyes Intelligence Engineering and Sciences Publication (BEIESP)* Bhopal (M.P.), India since year 2011.

The *International Journal of Engineering and Advanced Technology (IJEAT)* is online, *open access*, *peer reviewed*, periodical international journal. The aims of the journal is to publish original, theoretical and practical advances in *Engineering and Technology* that covers Computer Science and Engineering, Information Technology, Electrical and Electronics Engineering, Electronics and Telecommunication, Mechanical Engineering, Civil Engineering and all interdisciplinary streams of *Engineering and Technology*. All submitted articles will be reviewed by the board of *new editors* of *International Journal of Engineering and Advanced Technology (IJEAT)*.

## Article Submission System

Author (s) can submit article, round the year, electronically by using *Article Submission System*. The submitted article should be original, scientific, cutting edge, high quality, result oriented and within the *scope* of the journal that will publish in upcoming volume / issue if accepted. Author (s) will get notification along with review report if article will accept by the reviewers.

The primary goal of the *new editors* is to maintain high quality of publications. There will be a commitment to expediting the time taken for the publication of the article(s). The

articles that are sent for reviews will have names of the authors deleted with a view towards enhancing the objectivity and fairness of the review process.

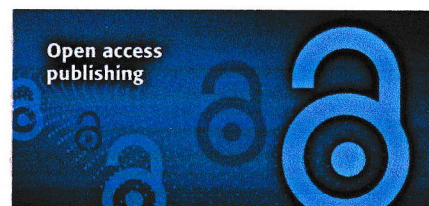

Articles that are devoted to the purely mathematical aspects without a discussion of the physical implications of the results or the consideration of specific examples are discouraged. Articles concerning *Engineering and Technology* should not be limited merely to a description and recording of observations but should contain theoretical and quantitative discussion of the results.

Article (s) for the regular issue can be submitted, round the year, electronically by using *Article Submission System*. After the final acceptance of the article, based upon the detailed review process and submission of required documents, the article will publish online immediately. However, The assignment of the article of specific Volume / Issue (see *archive*) will be taken up by the *new editors* later; and the author will be intimated accordingly. For Theme Based Special Issues, time bound special call for articles will be announced and the same will be applicable for that specific issue only.

The Guide for Authors and the Publication Ethics and Malpractice Statement (PEMS) support combined efforts by authors, editors, and reviewers to produce a responsible research publication. All authors must know and keep in mind the Editorial policy and the Publication Ethics and Malpractice Statement. Guidelines for the submission of articles and manuscript preparation and format are to be found on the Instructions for authors webpage. The *International Journal of Engineering and Advanced Technology (IJEAT)* strictly adheres to the ethics and policies of Committee on Publication Ethics (COPE), World Association of Medical Editors (WAME), International Committee of Medical Journal Editors (ICMJE), Consolidated Standards of Reporting Trials (CONSORT) and Publication Ethics and Malpractice Statement (PEMS).

Publishing an article in a *peer reviewed* journal is an essential building block in developing a coherent and respected network of knowledge. This is a direct reflection of the quality of the work of the authors and the organizations that support them. *peer reviewed* articles support and embody the scientific method. It is therefore important to agree on the standards of ethical behavior expected of all parties involved in the act of publishing: authors, journal editors, peer reviewers, publishers and the society of journals owned or sponsored. The *International Journal of Engineering and Advanced Technology (IJEAT)* strictly adheres to the ethics and policies of:

1. Committee on Publication Ethics (COPE: <https://publicationethics.org/>)
2. World Association of Medical Editors (WAME: <http://www.wame.org/policies>)
3. International Committee of Medical Journal Editors (ICMJE: <http://www.icmje.org/journals-following-the-icmje-recommendations/>)
4. Consolidated Standards of Reporting Trials (CONSORT: <http://www.consort-statement.org/>)

5. Publication Ethics and Malpractice Statement (PEMS: <https://journals.openedition.org/pistes/6149>)

The authors can read the ethics and policies which are available under the above committee(s) at <https://www.ijeat.org/ethics-policies/>
